A Map of my Crap
(My Studio Desk)

- My keds box
  - Pens
    - A stray ballpoint
    - Microns
      - Brown and Black
      - 0.5, 0.1, 0.01, 1
  - Markers
    - Paint
    - Felt tip
      - Sharpie
      - Fabric
      - Janky
  - Rulers
    - A LOT of rulers
      - Enough rulers?
  - Blue keds
    - Mailed to me by my mother
      - Also mails me:
        - Forgotten retainers
          - I really should be more responsible
            - Watermark Tea
              - Reject greyscale
              - Reject seasons sketches
                - Rejects
                - It's okay I still love them all
            - Holy tacos the best book ever
              - Building Stories
                - Chris Ware and the 'Cult of Difficulty'
                - Chicago Hipsters
                - Always a little behind; it's cute
                - This map is the 'Cult of Difficulty'
                - Pretention
            - Thyroid
              - Aren't you glad you know that? I will never be able to get a puppy
            - Cholesterol
  - Go nicely with jeans
  - I replace them with the same pair when they wear out
  - Dark blue/teal
    - The colors of everything else I own
      - Empty lysol wipes jar
        - Contains:
          - Unidentifiable chargers
            - Color Sketches
              - Reject triangles
              - Large boxes of vitamin bars
                - Chocolate
                - Strawberry
                - Almond
                - Pecan
                - Green
                - Turkey
                - Dubious health claims
                - Tomato
                - Yogurt
                - Ginger Pear
                - Banana
                - Cheese
                - Soup
                - Dark Chocolate Square
                - Salad
                - Blueberry
                - Pomegranate
                - Green
                - Regular
                - Jasmine
                - Vanilla
                - Cinnamon
                - Honey
                - Dinner
                - Lunch
                - Rosehip
                - White
                - Breakfast
                - Dark roast
                - Decaf for when I begin to become a concern to those around me
                - This is often revealed to me by other people
                - Lack of self-awareness in any place of value
                - Black
                - Herbal
                - We're on a great big camping trip!
                - Remnants of packed
                - Coffee
                - Tea
                - Under the Influence
                - That title makes it sound way cooler than me
                - Actually CBC
                - Oh lord I ate the whole thing again
                - Buttered Popcorn Flavor
                - My Mom used to stash them when I was a little kid
                - Gum
                - Rice Cakes
                - Cashews
                - Snack box
                - Headphones
                - Mouse
                - Everything and other things
                - My computer
                - Backup drive
                - My coffee machine
                - Outlet
                - Not waterproof
                - Kinds of wares
                - Silverware
                - Dish soap
                - Color chips
                - Wall pictures
                - Little Sister
                - Remnants of stresses past
                - I need to call her
                - Obsessive cleanliness
                - Hole punch
                - Illegible Typography Research
                - Folders
                - Computer wipes
                - Creature of habit
                - 3 USBs
                - Antibacterial because you all are gross and dirty
                - My supply box
                - Weird, inexplicable burn on one shoulder strap
                - Plastic
                - Tupperware
                - I have dry hands and its not cute
                - Ugly
                - Aquaphor
                - Hand lotion
                - Same one as in high school
                - My backpack
                - I eat the same thing every day
                - I haven't backed anything up in a while
                - The other day I forgot them and everyone heard my embarrassing music
                - American history books in particular
                - Backstory with the American History Guys
                - America!
                - This American Life
                - Radiolab
                - 99% Invisible
                - Wait Wait Don't Tell Me
                - I also like books on tape
                - I also also like NPR
                - Green is the best color
                - Favorite mug
                - Utility knives
                - For when they are taken away at the airport
                - X-acto's
                - Books
                - Medicine
                - Injuries
                - For when I lose my other microns
                - Green
                - Cutting supplies
                - My cutting mat
                - Then you have to get a patdown
                - It's annoying
                - Do I look like I would carry a bomb to you?
                - Oh look it's a graphic designer
                - Saul Bass
- SAD Lamp
  - Looks like a truckbus
    - I have never actually seen a 'truckbus'
      - But I feel like I would like it
  - Keeps me from becoming an angry winter troll
    - Sometimes I am still an angry winter troll
